WAR GARDENS IN DEMAND BUT SOME OWNERS OF LOTS SEEM TO BE HOLDING FOR A PROFIT

All the lots in the city that were given to the garden committee of the council of defense have been assigned, and there is a clamor for more, according to a statement made today by Chairman Thomas G. Burt of the garden committee.

Mr. Burt makes an appeal to the citizens of this city who have vacant lots that they are not planting, to list them with him at once so that some boy or girl or man or woman, who desires to get the Stars and Stripes in the battle for democracy by producing food, may do so.

Mr. Burt states that there are still many vacant lots in this city that are not planted and will not be planted unless the owners turn them over to the committee for the garden patriotic work. He believes that some of the owners of lots have simply not taken the proper interest in the matter or have simply neglected to advise the committee, while undoubtedly there are some who are not patriotic enough to turn over the vacant lot to aid the government plan, preferring to hold them for possible profit.

Mr. Burt states that the council of defense and other government agencies are preparing to list every vacant lot in the city and to learn why it is not given to the war garden program, in case it is not planted by the owner. A record will be made, he says, and the owners will have to tell Uncle Sam why they are not showing a good brand of patriotism.

A large number of calls have been made in the past few days by school boys who have secured their seeds, but cannot get the garden space. Mr. Burt requests that all owners of lots, who are not using them for their own purposes, list them with him so that they may be assigned to some one who will plant them. He promises to see that the vacant lot is turned over to some one who will take good care of the garden and use the ground properly.

The last piece of ground was taken by Manager Joseph Goss of the Orpheum theater and the bill posting crew, consisting of a club of 18 members. They were assigned a whole block of land at the corner of Washington avenue and Twenty-seventh street. They are going to go out for the record as the prize garden of the season among the war gardens of Ogdén. Mr. Goss says they will win.

On March 8 certain property owners petitioned the city commission for the creation of a curb and gutter district on both sides of Twenty-first street, between Adams and Jefferson avenues, and on both sides of Madison avenue between Twenty-third and Twenty-fourth streets, and both sides of Jackson avenue and Twenty-sixth and Twenty-seventh streets. This morning City Engineer J. M. Tracy submitted the resolution and notice of intention to create the district in accordance with the petition. The commission adopted the resolution and ordered the publication to conform with the legal requirements.

A petition of property owners to create a sewer district on Jackson avenue between Nineteenth and Twentieth streets, was referred to the city attorney. The petition was first filed on March 18, and was considered again this morning by the city commission.

RUSSELL PETTY WINS IN CONTEST

At the oratorical contest given at the Weber normal college last night, Russell Petty and Miss Avon Rich won the first and second places. The contest was held in the auditorium at the academy under the auspices of the Weber Stake Mutual Improvement association.

There were five contestants selected by ward tryouts who were entered for the honors. The meeting was presided over by W. R. Skeen and the judges were Prof. Kimball Young of the Weber college, Mrs. L. A. Farnsworth of the Ogdén high school faculty and Douglas Leshman.

Russell Petty, in winning the first prize, took for his subject, "The Duties of a Patriotic American." Miss Avon Rich took the second honors with the subject, "Women in the World War." The subject, "Democracy and the War," received honorable mention for Miss Tanner.

There is to be an oratorical contest held in Salt Lake in June and Russell Petty is expected to represent the college on that occasion.

GAMBLING KEEPS BOYS OUT OF COLLEGE

Gambling is a potent cause in preventing college graduates from returning to the farm. Not gambling by the college boys, but by their fathers. So thinks Mr. H. E. Hatch, president of Thatcher Brothers Bank, Logan, who addressed the students of the Utah Agricultural college recently on business as applied to farming.

"Many farmers are gamblers," said Mr. Hatch. "They do not sit around the grain topped table and waste their wheat or hog money as do some. They lose more than their weak brothers, however, by falling victims to the stock selling shark who sells worthless stocks sure, according to the beautiful prospectus, to bring dividends of 25 per cent almost before the industry is running. In the last 10 years at least 1,000,000 has been lost by Cache Valley farmers alone in worthless stocks. Now when the son returns from college and finds the old home heavily mortgaged and enough hand-somely carved but worthless stock certificates in the old tin box to paper the parlor, he becomes discouraged and leaves the farm for better fields."

"As a matter of fact, there is no better place to make a good living today than on the farm. With the advantages of modern machinery, the farmer who knows how to farm and who knows the elements of business, as well, cannot help but succeed. The young men now graduating in agriculture should return to the farm and put it on a business basis. They should combine their scientific knowledge with their father's experience and form a paying firm. Above all, they should avoid the idea that they can get something for nothing, the idea of the gambler. A drunkard can be cured; a gambler, never!"

CREATION OF A NEW ASSESSMENT TO BE CURB AND GUTTER PAID ON THE CITY'S WATER SHARES

A bill against the city was submitted this morning by Auditor A. L. Larson to the commissioners in favor of the Ogdén Bench Canal and Water company for the sum of \$770.45, as the assessment due on shares of stock. The assessment covers the levy for this year on 15,409 shares of stock at 5 cents a share.

The commission voted unanimously for the payment of the claim.

G. W. TRIPP MAKES EMPHATIC DENIAL

"Salt Lake, April 17
"Editor Ogdén Standard: This morning's Tribune says no action was taken in the Charles Sloan case by city attorney, at the request of Mr. Tripp. "This is a positive untruth. Assistant Attorney Stine told me nothing could be done. "I am here today to see if something cannot be done in the case. (Signed) "G. W. TRIPP."

Society

BOYS WILL HAVE TO BRING YOUNG LAIDES.

"Stagging" at the Junior Prom of the junior class of Weber Normal college, which will be given this evening in the Berthana, is absolutely taboo according to a tacit edict issued by the young women of the school. This means that any blushing Romeo appearing at the dance without a young lady partner will be courteously shown a cool reception by the other young ladies. Truly these be war times, say the girls, but as long as there are young men enough to go around they are going to be divided evenly and equitably.

The girls claim the young men have an ungallant habit of going to a dance alone. It is this habit which the young women of the college have undertaken to break at the Junior Prom. The dance will probably be one of the luminous social events of the season. Dancing will commence at 8:30 p. m. Invitations have been issued to many and a fine program of dance music has been arranged. Miss Thatcher's orchestra will furnish the music.

L. A. TO O. R. C.
The Ladies Auxiliary to the O. R. C. will hold their regular meeting Thursday evening at 7:30 o'clock. All are requested to be present.

MEET TOMORROW.
The Ladies of the Methodist church will hold an all-day meeting tomorrow when they will do Red Cross work at the home of Mrs. Gertrude Carr, 1341 Twenty-fifth street. A cafeteria luncheon will be served from 12 until 2 o'clock. All members and friends are invited to be present.

TO GIVE PLAY IN BRIGHAM CITY.
"Rolling Stones," the University club play which was presented at the Orpheum theater successfully last night, will be presented by the club at Brigham City next Saturday night. The play will be given in Brigham as a Red Cross benefit, only the expenses of the company in making the trip being deducted from the receipts.

Since the play was given in Ogdén there has been considerable demand that it be presented again before the actors forget their lines and several offers were made by organizations in Utah towns. The play will be given on the Box Elder county high school stage, which is considered the best in Brigham City and the Red Cross organization and the high school has already undertaken a campaign of advertising so that the Brigham City chapter will net a substantial sum of money.

ENGAGEMENT.
Mr. and Mrs. Robert J. Moyes announced the engagement of their daughter, Mabel Claire, to James Arthur Edward of Salt Lake City, the wedding to occur in the near future.

French forestry methods are very effective, according to Chief Forester Henry S. Graves who is in Ogdén on an inspection trip to district No. 4. Mr. Graves returned in February from France, after spending several months there organizing the work to be undertaken by the American forestry regiments which went to France later. He was the guest of District Forester L. F. Kneipp today at luncheon at the Weber club.

Mr. Graves will deliver an address tomorrow at noon at the Round Table gathering in the club.

In speaking of his trip to France, he outlined the work being performed by the Tenth and Twentieth regiments of forestry engineers. The French were well pleased with the adaptability of the American boys, he said, and watched with interest their eager efforts to perform the work laid out for them.

The lumbering work there consists in getting out railroad ties, timber for military roads, trench timber, dug-out timber, some timber for barracks and several other standard pieces.

The saw mills are busy he said, and the wood is being turned out very rapidly.

French Surprise.

The American forces work in perfect union with the French and Canadian forces, he said. Some German prisoners are also used for the less skilled branches. The French supervise the work of timbering and mark all the trees which are to be cut. As denuding the forests of a densely populated country like France means a considerable sacrifice of natural resources, Mr. Graves said, great care has to be taken that no undue damage is effected.

There is a species of fir tree, he said, which yields on the average the greatest amount of timber. It is a good wood for construction purposes, but somewhat inferior to the well known Douglas fir of the Pacific coast.

Mr. Graves did not visit the fighting front while he was there, he said, as his time was taken up with organization of the forest work which was to follow. He will be in Ogdén until the end of the week and then go to Denver.

LIBERTY LOAN FUND GROWING

Total This Morning Reported \$931,156,060—Great Flood of Small Subscribers.

WASHINGTON, April 17.—Subscriptions to the third Liberty loan as shown in the reports to the treasury department now totals \$931,156,060. The subscriptions for the Minneapolis district when campaigning began Monday brought in approximately \$25,000,000.

Reports today told of a great flood of small subscriptions from people of moderate means.

The Chicago district campaign committee reported 275,000 subscribers in Iowa, 105,000 in Indiana, 95,000 in Illinois outside of Chicago, 60,000 in Chicago, 72,000 in Michigan, and 26,000 in Wisconsin with the campaign in that state just beginning. The foreign language committee of Chicago reported more than \$5,000,000 sales.

Cleveland today reported a total of \$22,000,000 and Cincinnati more than \$15,000,000. Pittsburgh announced heavy subscriptions from laborers in industrial pursuits.

Atlanta which started its campaign Monday at noon and rolled up subscriptions of \$2,500,000 before the work was started.

El Paso wired headquarters today that its minimum quota had been passed.

Nothing was made known as to the amount of the increases to be given, although it has been said that employees now receiving small pay will be given the largest advances. The commission began its work January 21.

The employees' salaries in the scale of increases regardless of union or non-union affiliations have been treated alike. Extensive hearings were held in addition to investigation made by experts. The revision is the most extensive ever undertaken, affecting approximately two million persons.

WILBUR BAIRD TOO YOUNG TO ENLIST

Wilbur Baird, a youth who was arrested a few days ago on suspicion that he was a slacker, was released from the city jail this morning when word was received from the local draft board of Rutland, Vt., stating that the young man is only 17 years old. He claimed that he was only 17 years old, but he appears older and was held until his claim could be verified.

Maurice Brevan of New York, another young man who was arrested several days ago, is still detained at the city jail pending an investigation into his case.

No case came up for disposal this morning in the police court and the court opened only long enough to take an adjournment until tomorrow morning. A number of cases are scheduled for tomorrow.

The police report things rather quiet since the sentences were imposed on the two colored porters for violating the prohibition law by bringing in liquor on the dining cars.

It is intimated at the police station that the stiff sentences handed out by Judge George S. Barker have had a salutary effect on the would-be bootleggers.

WILLARD-FULTON FIGHT. MINNEAPOLIS, Minn., April 17.—The Jess Willard-Fred Fulton world's heavyweight boxing championship, scheduled for July 4, will be staged in an arena to be erected in the Midway district between St. Paul and Minneapolis, according to an announcement made here today.

Advancing Troops Push Through Hail of Death—Casualties Cruel.

WITH THE BRITISH ARMY IN FRANCE, April 17.—In the extreme north numerous enemy attacks during yesterday afternoon and evening followed the capture by the Germans of Wytschaete and Spanbroekmolen. Later in the afternoon the battle
